

KERN MBC ELECTRONIC BABY SCALE - 15 KGS - MEDICAL CLASS III

Ref. EKMBC01_CIII

KERN®

CE
0297

Baby scales EKMBC01 approved in medical class III

Description

- Appreciated in paediatrics thanks to its large ergonomic and removable weighing surface, ideal for infants
- Special function for neonatal services: difference function for calculating weight gain before and after food intake
- Resistant ABS plastic. Hygienic and easy to clean
- Stable and non-slip thanks to its rubber feet
- Hold function: for restless babies lying down, the average value looks for a stable weighing value and "freezes" it
- LCD display with backlight, digit height 25 mm
- Graduation 0.002 kg up to 6 kg and 0.005 up to 15 kg
- Battery operated (6 x 1.5 AA not included), AC (power supply supplied) or optional with rechargeable battery pack
- Approved in class III
- Medical approval according to 93/42/EEC

Technical specifications:

- Dimensions weighing area :
L×P×H 600×280×55 mm
- Total dimensions :
L×P×H 600×400×110 mm

For any measuring device requiring a medical Class III approval, the accessories must be ordered at the same time as the device in order for the approval to be valid.
